

TELENCO® SB10x - SB20x & Bxx -BIBxx POLE BAND & BUCKLES

SB10x

SB20x

Telenco® stainless steel pole bands are designed as pole line accessories to mount on posts whenever drilling is forbidden.

Available in two different lengths, two thicknesses and two steel grades, these deburred bands offer an optimal security during installation.

Telenco® reel case dispensers are made from recycled and recyclable plastics and contain no dyes. Their natural color allows to see within a glance the remaining quantity in the dispenser.

Integrated into a comprehensive offer, Telenco® pole bands can be fasten with compatible stainless steel buckles. These accessories are used to mount and secure steel bands on poles.

To select the appropriate pole band and buckle model two criteria need to be considered: the dimension and the applied environmental and mechanical strengths.

PN	MODEL	TYPE	GRADE		PACKG
			AISI 430	AISI 304	
0038	Pole band 20x0.7mm	SB207	•		50m reel case dispense / 5 units per pack
0037	Pole band 20x0.4mm	SB204	•		
0040	Pole band 10x0.7mm	SB107	•		
0039	Pole band 10x0.4mm	SB104	•		
5729	Pole band 20x0.7mm	SB207		•	
6582	Pole band 20x0.4mm	SB204		•	
6661	Pole band 10x0.7mm	SB107		•	
0349	Pole band 10x0.4mm	SB104		•	30m reel case dispenser/ 5 units per pack.
4525	Pole band 3/4" x 0.03"	SB207		•	
8404	Pole band 5/8" x 0.03"	SB204		•	
8258	Pole band 1/2" x 0.016"	SB107		•	
8406	Pole band 3/8" x 0.03"	SB104		•	

For other pole band grades and lengths, please contact us.

FEATURES & BENEFITS

- Easy to install
- Deburred for safe handling operations
- Environmental-friendly reel case dispensers
- Large selection choice of dimensions and grades to meet different mechanical and environmental constraints.

PERFORMANCES

GRADE	SYMBOLIC DESIGNATION	TENSILE STRENGTH	ELONGATION AT BREAK
AISI304	X5CrNi18-10	540 to 750 N/mm ²	min. 45%
AISI430	X6Cr17	450 to 600 N/mm ²	min. 20%

4268	Reinforced buckle BIB13 1/2"	AISI 304	0.94 kg	100 units box
5617	Reinforced buckle BIB16 5/8"	AISI 304	1.19 kg	100 units box
0045	Reinforced buckle BIB20 20mm – 3/4"	AISI 304	1.40 kg	100 units box

FEATURES & BENEFITS

- Easy and fast to install
- Can be installed on your convenience with a screw banding tool or a ratchet one
- Two available grades to meet various mechanical and environmental constraints
- Available in four different sizes to adapt to various pole band widths.
