

# CABLE DISPENSER X-BOARD XB500

The compact X-BOARD - XB500 is a universal, professional device for winding in/out cable drums featuring all types of cables and pipes (single core lines, cable rings, cable drums, empty conduits, ropes and rope drums). The X-BOARD - XB500 can bear loads of up to 800 kg and is suitable for almost all types of drums.

Suitable for damaged cable drums and reels. 12 rubberised feet ensure a non-slip and secure standing position. Ideal for protecting completed surfaces. The height-adjustable lid is perfectly designed to secure loose cables, cable rings or pipes in the X-BOARD XB500, this prevents uncontrolled cable winding.
