

KEY PILLAR STAR SHAPE - HUAWEI TYPE

The Key Pillar Star Shape - Huawei Type is a versatile, multi-purpose key designed for secure access to a wide range of cabinet types, including traditional copper cabinets, Huawei DSLAMs, and ECI DSLAM cabinets. Its unique star-shaped design with semi-circular recesses ensures compatibility with both copper and fibre cabinets, offering engineers a practical all-in-one solution for network maintenance.

CODE	DESCRIPTION
KEY/HU	Key Pillar Star Shape - Huawei Type

FEATURES & BENEFITS

- Multi-purpose star-shaped pillar key.
- Compatible with Huawei, ECI DSLAM, and standard copper cabinets.
- Semi-circular recesses allow use on both copper and fibre cabinets.
- Robust design for field use by telecom engineers.
- Eliminates the need for carrying multiple keys.
- Ideal for copper, fibre, and DSLAM network cabinet access.
