DATASHEET

UPTEC SLIDING SHELF – 270MM DEEP – 4 POINT – 450MM BAY

RACKS & CABINET SHELVING

The UPTEC **19" sliding shelf** provides convenient access to non-rackmount equipment in **450 mm deep** server racks and network cabinets. Its **four-point fixing** gives excellent stability, while the smooth sliding mechanism makes installation, maintenance and servicing straightforward. With a **270 mm shelf depth** and **20 kg load capacity**, it is ideal for routers, switches, media converters, power supplies and other network devices. Finished in black (RAL 9005) and supplied with mounting screws and nuts. Compatible with UPTEC cabinets.

Dimensions: 487.5 (W) x 270 (D) x 55.5 (H) mm

Weight: TBC

Packaging dimension: TBC

FEATURES & BENEFITS

- Sliding 19" metal rack shelf for easy equipment access
- Four-point fixing for maximum stability
- Supports loads up to 20 kg
- 270 mm shelf depth, designed for 450 mm deep cabinets
