

TENT & UMBRELLA TED[®]+ BY TRIGANO

TED+ Tent & Umbrella is the successful accomplishment of Trigano's collaboration with TELENCO to design & develop a dedicated solution for telecommunications engineers.

Weather-resistant, high-visibility tent & umbrella for engineer's safety.

Made in white polyester to provide natural lighting for accurate colour identification of the optical fibre.

The materials used to manufacture this product have been carefully tested to guarantee durability & ease of use.

Triagno is a 40 years experienced tents manufacturer.
