

MB04 FTTX DROP CABLE SLITTERS

Patent-pending design slits both sides of the FTTX drop cable jackets on end or mid-span applications, and allows for precise, safe and easy access to the fibre buffer tube.

FEATURES AND BENEFITS

Unique articulating hinge allows accurate end AND mid-span stripping without disassembling the tool- simply close the tool over the cable and pull to slit jacket
Shielded blades promote safe operation and prevent cuts and lacerations.
Ergonomic design with convenient opening tabs fits comfortably in hand and requires minimal effort to use
Comes with two installed reversible blades plus two additional replacement blades stowed conveniently in tool
Lightweight and durable polymer construction
Flat drop and 36F models colour-coded for easy identification
